Big feelings, little resets

LITTLE RESET CO.

How to use this kit

1

Print & cut

Print on letter paper, laminate if you can, cut along the dashed lines.

2

Build the corner

A cushion, the posters on the wall, the cards in a basket. That's a calm corner.

3

Practice when calm

Kids learn the tools when they are happy, so they can find them when they are not.

4

In the storm: point, don't lecture

Say "I see you". Then point to ONE card. The child chooses. You breathe too.

5

Come back together

After the feeling, use the reflection page. Celebrate the reset, not the quiet.

Big feelings are okay

Every feeling is allowed.

Not every action is.

I am learning. I am loved.
